Western Australia's
**Innovators
of the Year 2026**

Applications are open for WA Innovators of the Year 2026 awards program.

The program recognises local businesses, government entities and young people that have developed an outstanding innovative product, technology or service.

Local innovators are invited to apply across eight categories, highlighting the diversity of WA's innovation ecosystem.

All finalists will receive a professional video of their innovation and photography session.

Winners will share in a prize pool of up to \$310,000 to support the commercialisation development of their product/service.
