PART A OVERVIEW OF REQUIREMENT

A.1. BACKGROUND

The Department of Housing and Works (Department of Housing and Works) leads the planning, delivery and management of a property portfolio that supports the delivery of government services to the community. This includes the delivery of new construction projects, management of maintenance programs for existing buildings, and the provision of office accommodation for government employees.

To support the effective planning for, and delivery of, construction projects, Department of Housing and Works seeks to engage professional cost managers to perform a range of cost planning and cost management services

The purpose of this Request is to invite Offers from suitably qualified cost managers (Respondents) seeking to be considered for inclusion in the Cost Management Services Panel 2017 (the Panel).

It is important to note that the Department of Housing and Works is taking an innovative approach in the Panel in order to deliver improved value for money. As such Respondents are encouraged not to rely on any previous experience they may have with past arrangements, and to thoroughly familiarise themselves with Department of Housing and Works requirements as defined in the Request.

A.2. STRUCTURE OF THE REQUEST AND SUPPORTING DOCUMENTATION

The Request is structured as follows:

Part A: Overview of Requirement (this section)

Part A summarise the Principal's requirements. In the event of an inconsistency between Part A and other parts of the Request, the other parts take precedence.

Part B: Conditions of Request

Part B defines the process by which the Principal is inviting Offers and how those Offers will be assessed. Contained in Part B is '*Schedule 1 to Part B: Request Conditions*'.

Part C: Specification

Part C describes the scope of the Services that Panel Members may be asked to undertake under the Head Agreement, as defined in individual Contracts.

Part D: Head Agreement Conditions

Part D defines the formation and operation of the Panel, and the terms and conditions of the Head Agreement. The Head Agreement creates the standing offer arrangement through which the Principal may engage Panel Members to undertake cost management services. Contained in Part D is '*Schedule 1 to Part D: Buying Rules*'

Part E: Conditions of Contract

Part E defines the terms and conditions that apply when the Principal places a Contract under the Head Agreement. Contained in Part E is 'Schedule 1 to Part E: WA Government Amendments to AS 4122-2010' and 'Schedule 2 to Part E: Annexure to General Conditions of Contract'

Part F: Content Requirements and Respondent's Offer

Part F identifies the information that must be provided by Respondents as part of their Offers. Contained in Part F is 'Schedule 1 to Part F: Forms to be Completed' and 'Schedule 2 to Part F: Fee Schedules to be Completed'.

A.3. SUMMARY OF SERVICES PROVIDED THROUGH THE PANEL

The Panel will allow Department of Housing and Works to access a range of cost management and cost planning services for projects. The Services to be provided through the Panel, broadly align to Department of Housing and Works standard project life cycle for a 'construct only' procurement method and Respondents are to complete the Fees Schedules based on a construct only project.

Where the Principal adopts a different procurement method, such as 'managing contractor' or 'design and construct', the services and corresponding fees will be determined on a case by case basis.

Service Category 1.0: Project evaluation

This typically involves assisting with initial planning activities, generally associated with determining project need and development of documents such as feasibility studies, master plans and business cases, etc.

Service Category 2.0: Project definition

This typically involves refining project cost estimates previously developed as the design is further defined including advising on the cost implications of alternative

planning and/or procurement options considered. For projects over \$5 million the outcome of this process is generally captured in documents such as Project Definition Plans.

Service Category 3.0: Schematic design

This typically involves cost/value management of design options and developing a project preliminary estimate once schematic design is complete.

Service Category 4.0: Design development

This typically involves cost/value management of the design as it is developed and developing a project limit of cost estimate once design development is complete.

Service Category 5.0: Contract documentation

This typically involves reviewing the tender documents for conformity with approved cost limits, contributing to the tender documents and developing a pre-tender estimate once the contract documents are complete. It also involves participation in tender evaluation activities.

In some cases a Bills of Quantities may be produced as part of this service. Where a Bills of Quantities is produced, the Consultant will be responsible for additional services as part of Service Category 6.0 (Contract administration).

Service Category 6.0: Contract administration

This typically involves advising on the cost implications of proposed variations, reviewing monthly payment and variation claims submitted by contractors, and reviewing monthly project costs status reports.

Service Category 7.0: Contract finalisation

This typically involves advising on the financial implications of any outstanding contractual matters and conducting a financial reconciliation to support project closure.

Service Category 8.0: Advisory services

This involves providing ad-hoc advisory services on cost planning, procurement and cost/value management matters.

A.4. PANEL SCOPE

The Panel is being established under the works procurement framework established by the *Public Works Act 1902* (WA), with the Minister for Works identified as the Principal (also referred to as the Client in the Australian Standard (AS) General Conditions of Contract for Consultants, AS4122: 2010). Department of Housing and Works will represent the Minister for Works for the purpose of the Panel.

The Panel is designed for use by Department of Housing and Works in the construction of the State's non-residential building program. While the majority of projects will be managed from Perth, in some cases projects may be located in regional Western Australia and will require management from a nearby regional location.

While the primary focus is on supporting construction projects, Panel Members may be engaged to provide assistance in related contracts (such as civil works contracts), where these contracts are entered into by Department of Housing and Works or SPAS.

The Panel will be accessed where Contracts are expected to be valued at less than \$500,000 (GST inclusive). Contracts expected to exceed \$500,000 will be advertised on tenders WA as an open tender process outside of the Panel arrangement.

A.5. PANEL STRUCTURE

The Panel covers two specific areas of engagement:

- a. Service Panel A - Low Value – for contracts where the Contract Fee is expected to amount to less than \$100,000 (GST inclusive). The Panel will have an initial Term of three years, with options to extend the Term for up to a further two years. There is no limitation on the number of Respondents appointed to Service Panel A.
- b. Service Panel B - High Value – for contracts where the Contract Fee is expected to amount to between \$100,000 and \$500,000 (GST inclusive). The Panel will have an initial Term of three years, with options to extend the Term for up to a further two years. Service Panel B is expected to be limited to between three and five members and requests for membership outside of the Request process will not be received.

The Principal reserves the right to amend membership of Service Panel B through either a formal refresh process or through application of the Panel's performance management scheme.

Both Service Panel A and Service Panel B are separate commercial arrangements defined by the terms and conditions contained in a Head Agreement that constitutes a standing offer for the provision of Services under the particular Service Panel.

The terms and conditions that apply to an individual contract award will be defined in that contract and will constitute a binding agreement to deliver the defined services for the agreed Fee.

A.6. FEE

Respondents are required to complete the Fee Schedules contained in *Schedule 2 to Part F: Fee Schedules to be Completed* and submit these completed schedules as part of their Offer. In addition to using these Fee schedules to evaluate Respondents' Offers (Refer to F.8.3) the Fee Schedules will be used by the Principal to develop the Contract Fee.

The Contract Fee will be established either by:

- a. Reference to fee-scales based on the submitted Fee Schedules. Adjustment to the fee schedule may be required to take account of project-specific requirements. The fee set in this manner is a fixed fee.

Or

- b. Reference to hourly rates based on information included within the Fee Schedules applied to an agreed estimate of the hours that are required to

complete the Service (Flexible Services). The fee set in this manner is a flexible fee and will be based on a 'not to exceed' figure.

Panel Members may apply to revise their Fee Schedule on an annual basis.

A.7. BUYING RULES

Department of Housing and Works Project Managers will use a 'pick and buy' approach to request the required Services.

A competitive process involving two or more Panel Members may be used where the Project Manager believes that doing so will deliver an improved outcome for the Principal.

A.8. PERFORMANCE MANAGEMENT

All Contracts valued at \$20,000 and over (at the time of Contract completion) will be subject to a formal performance assessment using the Cost Manager Performance Reporting (CMPR) system. Under the CMPR system the Project Manager will assess the Panel Members performance against defined criterion. Panel Members will have the opportunity to provide a response to the assessment.

Completed assessments will be considered by Project Managers when selecting which Panel Member(s) will be approached for particular Contracts, and may also be used to remove Panel Members from one or both Service Panels. These assessments may also be used to add Panel Members to Service Panel B from Service Panel A.

A.9. EXTENT OF PREVIOUS PANEL USAGE

The existing Panel arrangement ceases on 30 June 2017. During its operation from January 2012 to August 2016, approximately 560 individual Contracts totalling \$26.6 million was directed through the Panel.

Schedule 1 to Part A: Past Transaction Data contains an overview of the existing Panel usage and contract award statistics since the start of 2012. The data has been included to assist Respondents in preparing their Offer.

However, it should be noted that demand has, and will continue to fluctuate year to year. Consequently Respondents should be aware that future demand may not correspond to historical demand and no guarantee is given in relation to the number or value of Contracts offered to Panel Members.

- (iii) give the Principal fortnightly reports on potential or actual COVID-19 Effects and the Consultant's steps taken to avoid or reduce those effects irrespective of whether the Consultant intends to make a claim;
- (iv) where an entitlement to time or Costs arises under clause 1.3, clause 1.4 or clause 1.5, provide all supporting documentation reasonably requested by the Principal (including programming and costing information) on a fully transparent and open basis; and

1.3.2 NOTICE

(a) The Consultant must promptly give notice to the Principal if the Consultant becomes aware of any potential or actual COVID-19 Effects that may:

- (i) delay or disrupt the Works;
- (ii) increase or decrease the costs of carrying out the Works; or
- (iii) otherwise have an adverse effect on the Contract,

including a description of the cause of the effect and the way in which the effect is to be avoided or reduced.

(b) To the extent the Consultant is entitled to relief under this clause 1.3 (COVID-19 Effects), relief applies only from the date notice is given by the Consultant under subclause (a) above (other than relief for the period between the day being 14 days prior to the date of closing of tenders for the Contract and the date of the Contract).

1.3.3 CHANGE IN COVID-19 LAW

(a) If there is a Change in COVID-19 Law, the Principal must pay the Consultant, or the Consultant must pay the Principal, as the case may be, the increased or decreased Costs (as applicable) in carrying out the Works that directly resulted from the Change in COVID-19 Law.

(b) The Consultant's entitlement to be paid increased Costs under subclause (a) above is reduced to the extent the Consultant:

- (i) could have avoided and/or reduced the Costs by taking reasonable steps under clause 1.3.1(b)(ii); and

- (i) the Consultant is or will be delayed in reaching Practical Completion by a COVID-19 Relief Event;
- (ii) delay is demonstrable by reference to the critical path contained and shown in the then current program; and
- (iii) the Consultant gives the Principal a claim for an extension of time within 14 days of when it became aware (or should reasonably have become aware) of the delay including details of the nature, cause and likely extent of the delay,

the Consultant will be entitled to an extension of time for Practical Completion equal to the period of delay.

- (b) If the effects of the COVID-19 Relief Event are continuing, or not fully ascertainable at the time of giving notice under subclause (a)(iii) above, the Consultant may submit further claims every 14 days.
- (c) The Consultant's entitlement to an extension of time is reduced to the extent which the Consultant could have avoided or reduced the delay by taking reasonable steps under clause 1.3.1(b)(ii).
- (d) To the extent the delay is also caused by an event that is not a COVID-19 Relief Event, the delay must be apportioned according to the respective causes' contribution.
- (e) The Principal will reasonably determine the period of the extension of time under this clause 1.3.4 acting reasonably. The Consultant must provide all supporting documentation reasonably requested by the Principal (including an electronic copy of the then current program) to enable a determination to be made under this clause.

1.3.5 DELAY COSTS

- (a) Subject to subclause (b) below, the Consultant will be entitled to additional Costs it incurred during any extension of time period granted under clause 1.3.4.
- (b) The Consultant will only be entitled to Costs incurred for demobilising and remobilising the Consultant's personnel, subcontractors and equipment if there is a suspension under clause 1.4 (Suspension for COVID-19 Effects).
- (c) The Consultant's Costs entitlement under subclauses (a) or (b) above is reduced to the extent the Consultant:
 - (i) could have avoided or reduced the Costs by taking reasonable steps under clause 1.3.1(b)(ii); and
 - (ii) recovered or can recover the Costs.
- (d) The Principal will reasonably determine Costs payable under this clause 1.3.5 acting reasonably. The Consultant must provide all supporting documentation reasonably requested by the Principal (including costing information) to enable a determination to be made under this clause.

1.4 SUSPENSION FOR COVID-19 EFFECTS

- (a) Without prejudice to any other rights the Principal may have under the Contract, the Principal may, if the Principal determines in its absolute discretion, that the suspension of the whole or part of the Works is necessary due to COVID-19 Effects, direct the Consultant to suspend the performance of the whole or part of the Works for such time as the Principal thinks fit.
- (b) As soon as the reason for any suspension no longer exists, the Principal must notify the Consultant in writing.
- (c) Upon notice from the Principal, the Consultant must recommence performance of the Works as soon as reasonably possible.

²³ NOTE: The clauses are not intended to be exhaustive as to the State's rights, only the Consultant's rights to relief. Therefore, it remains open to the State to give a direction under any other contract provision (eg to accelerate or reprogram works) rather than grant an extension of time.

RESPONDENT TO READ AND KEEP THIS PART

- (d) The Consultant must ensure that its subcontracts contain a suspension clause on the same terms as this clause 1.4.

1.5 TERMINATION FOR CONVENIENCE FOR COVID-19 EFFECTS

1.5.1 TERMINATION FOR CONVENIENCE

- (a) Without prejudice to any other rights the Principal may have under the Contract, the Principal may, if the Principal determines in its absolute discretion not to continue the Contract due to COVID-19 Effects, by notice in writing to the Consultant (**Termination for Convenience Notice**), terminate the Contract.
- (b) The Contract will terminate on the date and time stated in the Termination for Convenience Notice or, if no such date and time is stated, at the date and time the Termination for Convenience Notice is given to the Consultant.
- (c) Clause 1.5.2 (Procedure on Termination), clause 1.5.3 (Payments on Termination for Convenience) and clause 1.6 (Limit to Consultant's COVID-19 Rights) survive the termination of the Contract.

1.5.2 PROCEDURE ON TERMINATION

Upon receipt of a Termination for Convenience Notice, the Consultant must:

- (a) make safe and cease performance of the Works;
- (b) after ensuring the Site is secure and safe, leave the Site;
- (c) provide the Principal with any information requested by the Principal relating to the Works or the Contract, including Design Documents and any other drawings;
- (d) novate to the Principal any subcontracts relating to the Works that the Principal requires to be novated (and the Consultant must include in its subcontracts a corresponding novation clause);
- (e) transfer to the Principal any entitlement to receive unfixed plant or materials that are in transit but have not yet been delivered to Site, free from encumbrances;
- (f) do all things and execute all further documents necessary to give full effect to this clause 1.5.2; and
- (g) take any other action the Principal reasonably requires relating to the termination of the Contract.

1.5.3 PAYMENTS ON TERMINATION FOR CONVENIENCE

- (a) If the Principal terminates the Contract under clause 1.5.1, the Principal must pay the Consultant:
- (i) the amount due under the Contract for the Works performed up to the date of termination;
 - (ii) Costs incurred by the Consultant under any subcontract as a direct consequence of the Principal's termination, provided that the Consultant has taken all reasonable steps to mitigate and minimise these costs and expenses, including having a corresponding termination for convenience clause in the subcontract;
 - (iii) the Cost of materials reasonably ordered by the Consultant for the Works, which the Consultant is liable to accept (subject to exercise of any termination rights by the Consultant if the Principal so directs), subject to the materials becoming the Principal's property upon payment;
 - (iv) the reasonable Costs of demobilisation; and
 - (v) the reasonable Costs of complying with any directions given by the Principal upon, or subsequent to, termination.
- (b) The Consultant must submit a payment claim for the amount it claims is payable in accordance with clause subclause (a) above within 30 calendar days of the date of termination.
- (c) If the Costs are not fully ascertainable at the time of submitting a payment claim under subclause (b) above, the Consultant must identify the Costs that are not yet able to be quantified and the date by which they can be quantified. If the Principal consents to the timing of the provision of the quantified Costs, the Consultant may submit a further payment claim in accordance with the agreed timetable.

1.6 LIMIT TO CONSULTANT'S COVID-19 RIGHTS

- (a) The Consultant's entitlements under clause 1.3 (COVID-19 Effects), clause 1.4 (Suspension for COVID-19 Effects), and clause 1.5 (Termination for Convenience for COVID-19 Effects) are the Consultant's sole remedy in respect of COVID-19 Effects and under no circumstances will the Consultant be entitled to recover any damages for loss of actual or anticipated profits, loss of use, loss of overhead, loss of opportunity, loss of revenue, any redundancies or any other economic loss.
- (b) Except for the Principal's breach of clause 1.3, clause 1.4 or clause 1.5, the Consultant is absolutely barred from making any claim against the Principal and the Principal may plead this clause as a bar to any claim by the Consultant against the Principal (whether under the Contract or otherwise at law or in equity) in respect of COVID-19 Effects.

PART F CONTENT REQUIREMENT AND RESPONDENT'S OFFER

F.1. NOTE TO RESPONDENT

The forms provided in *Schedule 1 to Part F: Forms to be Completed* must be completed by the Respondent and returned to the Principal. Commentary in relation to the forms is provided below at F.2. to F.9.

In preparing its Offer, the Respondent must:

- a. address each requirement in the form set out in this Part F;
- b. take into account all requirements included within the Request;
- c. assume that the Principal has no knowledge of the Respondent, its activities, experience or any previous work undertaken by the Respondent for the Principal or any other Public Authority; and
- d. nominate any Offer Information that the Respondent wishes to expressly and reasonably nominate as confidential for the purposes of the Request Conditions.

F.2. IDENTITY OF RESPONDENT

The Respondent is required to complete *Form 1 - Identity and Contact Details* to allow the Principal to confirm the Respondent's identity and contact details. If successful in becoming a Panel Member this information will be used to identify the Panel Member if a contract is awarded to that Member.

The Respondent must identify where its Permanent Operational Office (or Offices) are located and the offices from where the Services may be provided. The details are to include address, phone number, contact person and the nature of the office (e.g. head office, regional branch office etc.).

Information on Subconsultants is not to be included here - this information is requested later.

F.3. SERVICE PANEL APPLICATION

Respondents may apply for membership of Service Panel A or Service Panel B, or both. However the Principal will only consider the Respondent for the Panel(s) as nominated by the Respondent in *Form 2 - Service Panel Application*.

Respondents applying only for membership of Service Panel A are to provide a one page Capability Statement summarising the capabilities and experience of the Respondent, its Specified Personnel and any Subconsultants identified as part of the offer. While Respondents are required to provide a Capability Statement, the statement will not be assessed for the purposes of Panel Membership.

Where a Respondent applying for membership of Service Panel B is also applying for membership of Service Panel A the requirement for a Capability Statement will be met by completing the requirements of F.7.2.

RESPONDENT TO READ AND KEEP THIS PART

F.4. PRE-QUALIFICATION REQUIREMENTS

The Respondent must complete *Form 3 - Pre-Qualification Requirements*. The Principal will not consider any Offer that does not meet both of the following Pre-Qualification Requirements:

- a. the Respondent must employ full time one or more personnel who hold
 - i. a qualification in an appropriate tertiary degree course in quantity surveying, however described, or
 - ii. a relevant higher professional qualification in the field of quantity surveying that would directly support an application for membership to the Australian Institute of Quantity Surveyors or the QS division of the Royal Institution of Chartered Surveyors.
- b. the Respondent must employ full time one or more persons who are a full Member of a recognised professional body, such the Australian Institute of Quantity Surveyors (AIQS), the Royal Institute of Chartered Surveyors (RICS) or equivalent.

F.4.1. BILLS OF QUANTITIES

Respondents applying for membership of Service Panel A are required to identify within *Form 3 - Pre-Qualification Requirements* whether they are capable of producing full Bills of Quantities within their organisation. The capability to produce full Bills of Quantities is not a determining factor as to eligibility for membership of Service Panel A. However, the Principal may use this information in determining an award of a contract within the scope of Service Panel A which requires Bills of Quantities to be produced, or in supplementing the membership of Service Panel B.

Respondents applying for membership of Service Panel B must be capable of producing full Bills of Quantities within their organisational capacity and complete the declaration to this effect within *Form 3 - Pre-Qualification Requirements*. Respondents will not be appointed to Service Panel B without this capability.

The Principal will accept that a Respondent (for Service Panel A or B) may seek the assistance of a Subconsultant for the measurement and pricing of mechanical and electrical work. Where a Respondent proposes to use a Subconsultant for the measurement and pricing of mechanical and electrical work the Respondent:

- a. must clearly identify the extent of this engagement in completing Form 5; and
- b. remains responsible for any mechanical and electrical trade area measurement and pricing undertaken by a Subconsultant on behalf of the Panel Member.

F.5. COMPLIANCE AND DISCLOSURE REQUIREMENTS

The Principal reserves the right to reject any Offer that

RESPONDENT TO READ AND KEEP THIS PART

- a. does not properly address any of the Compliance and Disclosure Requirements;
- b. which contains material departures from the terms of the Request;
- c. contains disclosures that the Principal deems unacceptable.

F.5.1. COMPLIANCE REQUIREMENTS

The Respondent must confirm that it will comply with the terms of the Request by completing *Form 4 - Compliance with the Terms of the Request*. If the Respondent will not comply with any part of the request, the Respondent must set out:

- a. the clause or clauses that it will not comply with;
- b. the extent of non-compliance – including a description of any changes required to the clause or clauses;
- c. the reason for the non-compliance; and
- d. the advantage to the Principal if it accepts the Respondent's proposal.

Where a Respondent indicates a noncompliance with a term or terms of the Request, or fails to provide sufficient detail on the non-compliance, the Principal may either:

- e. set aside the Offer as described in clause B.8;
- f. continue to assess the Offer, taking into account the non-compliance as part of the assessment process.

F.5.2. DISCLOSURE REQUIREMENTS

The Principal will, as part of its value for money assessment, consider the extent to which the Offer satisfies the following Disclosure requirements as provided by the Respondent in *Form 5 - Disclosures*.

- a. identification of the Respondent's legal entity structure.
- b. proposed engagement of other person or persons as a Subconsultant
- c. criminal convictions of any person proposed in the Offer including any Subconsultant
- d. actual, potential or perceived conflict of interest.
- e. possession or intention to obtain the insurances required under clause D.15.2.
- f. identification of any information the Respondent nominates as confidential

The Principal will also take into consideration the Respondent's level of Aboriginal Enterprise engagement and level of employment of Aboriginal Persons. The respondent is to provide details in relation to these areas on *Form 6 - Information on Aboriginal Enterprises Engaged or Intended to be Engaged as Suppliers or Subconsultants* and *Form 7 - Information on Employment of Aboriginal Persons*.

The Principal reserves the right to reject any Offer that does not properly address any of the Compliance and Disclosure Requirements, contains material departures from the terms of the Request, or where the Principal determines that the response is unacceptable.

F.6. RECIPIENT CREATED TAX INVOICE AGREEMENT (RCTI)

Respondents must be registered for GST and must have an Australian Business Number (ABN).

The Principal and Panel Members will enter into an agreement in relation to GST in accordance with the Australian Tax Office's (ATO's) Goods and Services Tax Ruling (GSTR) 2000/10 paragraph 13(e). Failure to lodge a completed and signed RCTI (*Form 8 - Recipient Created Tax Invoice Agreement*) as required may result in a delay in appointment to the Panel.

F.7. QUALITATIVE REQUIREMENTS

ONLY RESPONDENTS APPLYING TO BECOME MEMBERS OF SERVICE PANEL B ARE REQUIRED TO COMPLETE THIS SECTION.

Offers will be assessed against the following five qualitative criteria:

- a. local content;
- b. cost management experience;
- c. specified personnel;
- d. organisational capacity; and
- e. demonstrated understanding of requirement

Respondents are required to provide detailed responses in line with the requirements contained in subclauses F.7.1 to F.7.5 and to complete *Form 9 - Qualitative Requirements* to confirm that they have completed and provided the required information.

Respondents should note that the qualitative criteria will be assessed in the context of Contracts valued at between \$100,000 and \$500,000.

As membership of Service Panel B will be limited Respondents should ensure the evidence of their claims directly relates to experience within this range. Information that is not directly relevant to the requirements of Service Panel B or is of a generic advertising nature should not be submitted.

The qualitative criteria are not weighted equally. Refer to the % weighting for each criteria listed in F.7.1 to F.7.5.

NOTE: Where it is identified that an Offer is received from a Respondent in a state or country identified as being a member or signatory with Australia to a:

- a. Free Trade Agreement (such as AUSFTA, ACI-FTA or KAFTA),
- b. Government Procurement Agreement (such as ANZGPA) or
- c. Economic Partnership Agreement (such as JAEPA),

then the local content selection criteria will not be evaluated during the qualitative assessment. In this case the 20% local content weighting will be divided proportionately across the remaining criteria.

The revised weightings are shown adjacent to the standard weightings (see [xx%]).

- i.* the referee's name and position;
 - ii.* Company name;
 - iii.* a contact telephone number and email address; and

In addition to the Principal contacting the nominated referees the Principal may also review its own records to assess the Respondent's performance on any contracts with the Principal, regardless of whether these contracts were identified by the Respondent or not.

Fees submitted in response to this Fee Schedule are to be inclusive of all costs of complying with the requirements of the Head Agreement, Contract and Services.

When determining the complexity of a project for the purpose of determining the Contract Fee, the Principal will refer to the definitions provided in the *Project Complexity Category Guide* which is available at

<https://www.wa.gov.au/government/publications/project-complexity-and-classification-guide-department-of-finance>. Respondents should familiarise themselves with this guide to assist them in completing the fee schedules (forms 10 to 13).

The Principal reserves the right to modify the definitions provided in the *Project Complexity Category Guide* at any time. Where the Principal modifies the definitions the Principal will notify Panel members of the change and update the *Project Complexity Category Guide* on the website.

In completing Forms 10 and 11, the following definitions shall apply to the level of consultant experience:

RESPONDENT TO READ AND KEEP THIS PART

Values in excess of \$250,000. For Feeable Values between \$0 and \$250,000 respondents are to refer to (c) below. Note - where no percentage is included in a particular cell it will be read as 'Not Applicable', and the Respondent will not be considered for Contracts that require the application of information in that cell to calculate the Contract Fee.

- b. base the percentage fees on a project assessed as 'Conventional' (see F.8 for a definition of Project Complexity). Respondents are to include percentages in the cells included in the 'Complexity Multiplier' columns to indicate the percentage by which the calculated Contract Fee will be reduced for Simple projects and increased for Complex projects.
- c. insert a fixed dollar figure (GST inclusive) that will apply to any Contract with a Feeable Value between \$0 and \$250,000 within the row labelled '\$0 - \$250,000'.
- d. if Respondents do not wish to provide a Bills of Quantities service, with or without the measuring and pricing of mechanical and electrical elements, they should mark the applicable cells as 'NA' (for Not Applicable).

Note - Project Feeable Value is GST exclusive.

F.8.2. PROJECT FEEABLE VALUE APPLICABLE TO SERVICE PANEL B

Respondents are required to complete *Form 13 - Fee Percentages for Service Categories Applicable to Service Panel B*. In completing the form Respondents are to:

- a. insert the percentage (up to two decimal places) in each cell in the Schedule that they propose will be used to calculate Contract Fees. Note - where no percentage is included in a particular cell it will be read as 'Not Applicable', and the Respondent.

 - ii. will not be considered for Contracts that require the application of information in that cell to calculate the Contract Fee.
- b. base the percentage fees on a project assessed as 'Conventional' (see F.8 for a guide to Project Complexity). Respondents are to include percentages in the cells included in the 'Complexity Multiplier' columns to indicate the percentage by which the calculated Contract Fee will be reduced for Simple projects and increased for Complex projects.
- c. Respondents must be capable and willing to produce Bills of Quantities. However, Respondents that do not wish to provide a Bills of Quantities service that includes the measurement and pricing of mechanical and electrical elements may mark the applicable cells as 'NA' (for Not Applicable). Note: a Respondent that opts to engage a subconsultant to provide for the measurement and pricing of mechanical and electrical elements of the project will not be considered less favourably than a Respondent that undertakes this measurement and pricing within their own organisation.

Note - Project Feeable Value is GST exclusive.

F.8.3. EVALUATION OF RESPONDENT'S FEES

The Fees identified by the Respondent in *Form 12 - Fee Percentages for Service Categories Applicable to Service Panel A* do not affect a Respondent's admission to Service Panel A, but may affect the Respondent's ability to secure a contract once admitted.

The Fees identified by the Respondent in *Form 13 - Fee Percentages for Service Categories Applicable to Service Panel B* will be evaluated and taken into consideration as part of the selection process for membership of Service Panel B.

In evaluating the Fees submitted for admission to Service Panel B the Principal will apply the values provided by the Respondent against a representative sample of contracts awarded during a year. Each Respondent will then be ranked based on the total of their fees taken collectively across all of the sample contracts.

F.9. REPRESENTATION

In making an Offer in reply to this Request the Respondent offers to perform the work under the Panel as described in the Request.

The completed forms contained in *Schedule 1 to Part F: Forms to be Completed* together with the related schedules contained in *Schedule 2 to Part F: Fee Schedules to be Completed*, and any other information provided will comprise the Respondent's Offer. The Respondent warrants that the information included in the Offer is true and accurate.
