

The Defence Industry Team is a State Government initiative established to promote careers and workforce opportunities across WA's Defence industry.

## Core Capabilities

- Workforce planning and skills gap analysis for Defence industry
- Design of entry pathways including apprenticeships and traineeships, aligned to industry demand
- Veteran transition strategy and employment integration
- Early talent pipeline development through school, VET, and community engagement
- Cross-sector coordination between industry, government, and training providers

## Key Products/Services

- Delivery of workforce development programs for Defence supply chain organisations
- Management of the Defence Industry Veterans Scheme (DIVES) scholarship
- Veteran employment and career transition support services
- Delivery of Defence industry career awareness and pathway programs for schools and community
- Industry partnership facilitation and employer engagement activities
- Access to Defence programs, incentives, and funding pathways

## Defence Experience and Certifications

- Delivery partner for the Defence Industry Veterans Scheme (DIVES) scholarship
- Experience supporting ADF personnel transitioning to Defence industry roles
- Alignment with Defence workforce development priorities
- South Metropolitan TAFE has been recognised as a Veteran Employment Supporter
