- (b) an application for the grant of a licence is made on or prior to 29 March 2013.
- (2) Only one licence may be granted under subclause (1) in respect of an authorisation issued under -
- (a) the *West Coast Rock Lobster Management Plan 1993* in respect of a Zone of the Fishery established by that instrument; or
 - (b) regulation 129B.
- (3) Notwithstanding subclause (1), the CEO may grant a person a licence to fish in the Fishery if the CEO is satisfied that -
- (a) immediately upon being granted a licence -
 - (i) an application will be made under section 140 of the Act, to transfer usual units of entitlement to the licence, if it is to be granted, from another licence; and
 - (ii) the application will be in respect of a total of not less than one unit; and
 - (iii) in the opinion of the CEO there is no arguable ground to refuse to transfer the units of usual entitlement to the licence; or
 - (b) the applicant has acquired forfeited entitlement in the manner provided for in clause 23A; and
 - (c) in the case of an application made under either paragraph (a) or (b), the person is a fit and proper person to hold a licence.
- (4) For the purposes of subclause (3)(a) a reference to an application to transfer units of entitlement will be taken to include an application made in connection with the surrender of a licence pursuant to clause 22.

Note: Where a licence is granted in accordance with clause 7(3) the fee relating to the units being transferred may be taken to have been paid by the transferor in respect of those units.

8. Duration of a licence

- (1) Subject to subclause (2), a licence granted or renewed for a period commencing on 1 July in any year expires on 30 June next following the date of grant or renewal.
- (2) A licence granted or renewed -
- (a) for a period commencing on 1 July 2021 expires on 14 January 2023; and
 - (b) for a period commencing on 15 January 2023 expires on 30 June 2023.

9. Matters to be specified on a licence

DISCLAIMER:

This is not an official version. Although this document has been carefully collated from each of the relevant issues of the Government Gazette in which the principle notice and any subsequent amendments were published, its accuracy cannot be guaranteed.

Accordingly – (a) no warranty is given that it is free from error or omission nor as to the accuracy of any information in it; and (b) the State of Western Australia and its servants expressly disclaim liability for any act or omission done in reliance on the document or for any consequences of any such act or omission.

This compilation incorporates amendments up to and including the *West Coast Rock Lobster Managed Fishery Management Plan Amendment 2026* published in Government Gazette No. 54 on 22/05/2026.

- (1) A licence granted or renewed in respect of the Fishery must specify -
- (a) the name and business address of the holder of the licence;
 - (b) the name and licensed fishing boat number of any licensed fishing boat which may be used for or in connection with fishing in the Fishery under the authority of that licence;
 - (c) the licence number;
 - (d) the date on which the licence was granted or renewed;
 - (e) the date on which the licence expires;
 - (f) the name of the Fishery;
 - (g) the Zone or Zones in which fishing for rock lobster is authorised;
 - (h) the number and class of usual units of entitlement conferred by the licence;
 - (i) the number and class of current units of entitlement conferred by the licence;
 - (j) the unit value in respect of each class of unit conferred by the licence;
 - (k) the maximum amount of rock lobster that may be taken (in kilograms whole weight incorporating water loss factor) under the authority of the licence and with respect to each relevant Zone; and
 - (l) any conditions imposed on the licence by the CEO.

(2) A person must not fish in the Fishery under the authority of a licence unless the specification in subclause (1)(b) has been made in respect of that licence.

(3) Where an authorisation referred to in clause 7(1) is the subject of an application for a licence, any convictions recorded against that authorisation under section 224 of the Act are taken to have been recorded against the licence, if granted.

10. Authority of licence of no effect where usual or current entitlement is less than 300 units of entitlement

The authority conferred by a licence is of no effect at any time when either the usual or the current entitlement of the licence is less than 300 units of entitlement.

11. Grounds to cancel a licence

The CEO may cancel a licence where the licence was granted in accordance with clause 7(3) and the relevant units of entitlement have not been transferred to the licence.

12. Payment of fees by instalments

DISCLAIMER:

This is not an official version. Although this document has been carefully collated from each of the relevant issues of the Government Gazette in which the principle notice and any subsequent amendments were published, its accuracy cannot be guaranteed.

Accordingly – (a) no warranty is given that it is free from error or omission nor as to the accuracy of any information in it; and (b) the State of Western Australia and its servants expressly disclaim liability for any act or omission done in reliance on the document or for any consequences of any such act or omission.

Accordingly – (a) no warranty is given that it is free from error or omission nor as to the accuracy of any information in it; and (b) the State of Western Australia and its servants expressly disclaim liability for any act or omission done in reliance on the document or for any consequences of any such act or omission.

This compilation incorporates amendments up to and including the *West Coast Rock Lobster Managed Fishery Management Plan Amendment 2026* published in Government Gazette No. 54 on 22/05/2026.

(c) Zone C of the Fishery for the period commencing on 1 July each year and ending on 30 June the following year, is 3,400,000 kilograms (whole weight) of rock lobster.

(2) The capacity of a Zone of the Fishery is the relevant quantity of rock lobster specified in subclause (1), as varied from time to time under clause 14.

14. Change in Capacity of a Zone of the Fishery

(1) The capacity applying to a Zone, as provided for in clause 13, shall be reduced upon the making of an order under section 76(2) of the Act, such reduction being the number of kilograms of rock lobster corresponding to the units of entitlement fished, or intended to be fished, in excess of the entitlement of the licence, as determined in accordance with clause 18.

(2) The capacity applying to a Zone shall be reduced upon -

- (a) the expiry of the 60 day period provided for in section 139 of the Act without an application for renewal of a relevant licence having been made;
- (b) the cancellation or non-renewal of a relevant licence under section 143 of the Act;
- (c) the cancellation of a relevant licence under section 223 of the Act; or
- (d) the surrender of a relevant licence under section 144 of the Act, such reduction being the equivalent in kilograms of rock lobster to the number of usual units of entitlement conferred by the licence.

(3) The capacity applying to a Zone shall be increased upon the increasing of the entitlement of a relevant licence pursuant to clause 22, such increase being equal to the increase in the number of units that may be operated under the licence.

15. CEO to publish notice of any change in capacity

The CEO must, as soon as practicable following any change in capacity of a Zone pursuant to clause 13, clause 14(2)(a), (b) or (c), publish notice of the change in the Gazette.

16. Licence entitlements to be expressed in terms of units

(1) The entitlement to fish for rock lobster conferred by a licence is to be -

- (a) expressed in terms of units of entitlement in respect of a Zone or Zones; and
- (b) determined in accordance with clause 18.

DISCLAIMER:

This is not an official version. Although this document has been carefully collated from each of the relevant issues of the Government Gazette in which the principle notice and any subsequent amendments were published, its accuracy cannot be guaranteed.

Accordingly – (a) no warranty is given that it is free from error or omission nor as to the accuracy of any information in it; and (b) the State of Western Australia and its servants expressly disclaim liability for any act or omission done in reliance on the document or for any consequences of any such act or omission.

This compilation incorporates amendments up to and including the *West Coast Rock Lobster Managed Fishery Management Plan Amendment 2026* published in Government Gazette No. 54 on 22/05/2026.

- (2) The maximum number of units that may be conferred by all licences in respect of a Zone may be reduced from time to time where -
- (a) an application for the renewal of a licence is not received within the period specified by s.139 of the Act; or
 - (b) a licence is cancelled; or
 - (c) units are forfeited by the operation of the Act and forfeited entitlement is not purchased in accordance with clause 23A.

17. Conferral of entitlement

- (1) Where a licence is granted in accordance with subclause 7(1) the licence shall, at the time it is granted, confer -
- (a) in the case of a licence conferring entitlement for Zone A, usual units of entitlement for Zone A of ten times the number of usual units of Zone A entitlement conferred by the relevant authorisation at the date of gazettal of this plan;
 - (b) in the case of a licence conferring entitlement for Zone B of the Fishery, usual units of entitlement for Zone B equal to either -
 - (i) ten times the number of usual units of Zone B entitlement conferred by the relevant authorisation at the date of gazettal of this plan; or
 - (ii) 4.4 times the number of usual units of Zone A entitlement conferred by the relevant authorisation at the date of gazettal of this plan, rounded in accordance with the principle specified in Schedule 8; or
 - (c) in the case of a licence conferring entitlement for Zone C of the Fishery, usual units of entitlement for Zone C of ten times the number of usual units of Zone C entitlement conferred by the relevant authorisation at the date of gazettal of this plan.

- (2) In this clause -

relevant authorisation means -

- (a) a relevant managed fishery licence issued in accordance with the *West Coast Rock Lobster Management Plan 1993* in respect of a Zone of the Fishery and which is held by the person to be granted a licence; or
- (b) an authorisation granted in accordance with regulation 129B.

18. Unit values

The extent of the entitlement to fish in a Zone arising from time to time from a unit (the unit value) is determined in accordance with Schedule 8, and is limited by reference to a number of kilograms (whole weight) of rock lobster that may be taken, incorporating water loss factor of 1.5%.

This compilation incorporates amendments up to and including the *West Coast Rock Lobster Managed Fishery Management Plan Amendment 2026* published in Government Gazette No. 54 on 22/05/2026.

19. Prohibition on operating in excess of entitlement

At any time that a licence is in force a person must not -

- (a) operate in a Zone under the authority of that licence unless the total quantity of rock lobster taken under the authority of the licence in that Zone is less than the product of the current entitlement for that Zone and the relevant unit value; or
- (b) have any rock lobster on board an authorised boat unless the total quantity of rock lobster taken under the authority of the licence in the Zone fished on that trip is less than or equal to the product of the current entitlement for the Zone in which rock lobster were taken and the relevant unit value; or
- (c) take, land, consign or sell rock lobsters unless the total quantity of rock lobster taken under the authority of the licence in the Zone fished on that trip is less than or equal to the product of the current entitlement for the Zone in which rock lobster were taken and the relevant unit value.

19A. Notice in respect of exceeding entitlement

(1) Where the CEO is satisfied that the entitlement of a licence has been exceeded, the CEO may by notice given in writing to either -

- (a) the holder of the relevant licence; or
- (b) a person acting on behalf of the holder of the licence,

require that person to pay the amount of money specified in the notice to the Fisheries Research and Development Account within 14 days of the date of the notice.

Note: The notice in writing is to include details of the right of review under clause 19B and reasons for decision: s.20(1) and s.21(1) *State Administrative Tribunal Act 2004*.

(2) The CEO must determine the amount of money to be specified in a notice given under subclause (1) as payable in respect of the exceeding of the entitlement of a licence by -

- (a) determining the market price of rock lobster (per kilogram) on the day that the entitlement of the licence was exceeded; and
- (b) multiplying the amount of rock lobster taken in excess of the entitlement of the licence by the market price of rock lobster (per kilogram) determined under paragraph (a).

(3) The CEO may, at any time, withdraw a notice given under subclause (1).

(4) It is a condition of a licence that the authority conferred by the licence is of no effect during the period from five days following the day on which a notice was given by the CEO under subclause (1) in respect of that licence until -

- (a) the day on which the full amount of money specified in the notice is paid; or
- (b) the notice is withdrawn under subclause (3).

19B. Review of CEO notice by SAT

A person who has received a notice under clause 19A(1) and who has paid 90% of the amount of money payable under that notice to the Fisheries Research and Development Account may apply to the State Administrative Tribunal for a review of the CEO's determination under clause 19A(2).

20. Defence to s.74(2) of the Act

(1) It is a defence in proceedings for an offence against section 74(2) of the Act in respect of contravening clause 19 for the person charged to prove that -

- (a) the person is the holder of the relevant licence; and
- (b) the amount of rock lobster by which the entitlement of the relevant licence was exceeded is not more than 60 kilograms; and
- (c) the person or a person acting on their behalf, not more than 21 days after the landing of the rock lobster, paid to the Fisheries Research and Development Account an amount of money equal to the product of the number of kilograms by which the entitlement was exceeded and the prescribed value (per unit of weight) for the rock lobster, as specified in Schedule 9 to the regulations; and

(2) It is a defence in proceedings for an offence against section 74(2) of the Act in respect of contravening clause 19 for the person charged to prove that -

- (a) the person was acting on behalf of the holder of the relevant licence; and
- (b) the amount of rock lobster by which the entitlement of the relevant licence was exceeded is not more than 60 kilograms; and
- (c) the person or the relevant licence holder, not more than 21 days after the landing of the rock lobster, paid to the Fisheries Research and Development Account an amount of money equal to the product of the number of kilograms by which the entitlement was exceeded and the prescribed value (per unit of weight) for the rock lobster, as specified in Schedule 9 to the regulations; and

PART 5 - TRANSFER OF ENTITLEMENT

DISCLAIMER:

Accordingly – (a) no warranty is given that it is free from error or omission nor as to the accuracy of any information in it; and (b) the State of Western Australia and its servants expressly disclaim liability for any act or omission done in reliance on the document or for any consequences of any such act or omission.

This compilation incorporates amendments up to and including the *West Coast Rock Lobster Managed Fishery Management Plan Amendment 2026* published in Government Gazette No. 54 on 22/05/2026.

21. Temporary transfer of entitlement

(1) Subject to subclause (2), an entitlement conferred by a licence may be temporarily transferred to another licence for a period ending at the time that the licence expires, provided that -

- (a) the extent of the right to fish as conferred by the current units of entitlement (in kilograms whole weight) for the relevant class of unit that would be conferred by the licence after the transfer would not be less than the total quantity of rock lobster (whole weight) relevant to that class of unit taken under the authority of the licence during the period for which the licence has been granted or renewed; and
- (b) the transfer is of a whole number of units.

(2) For the purposes of a transfer made in accordance with subclause (1), the period ending at the time that the licence expires, for the licence period commencing on 15 January 2020, is taken to be the period ending on 30 June 2021.

22. Surrender of licence and reallocation of usual entitlement

(1) Subject to subclauses (2) and (3), the CEO must increase the usual entitlement conferred by a licence -

- (a) upon the application of the holder of a licence;
- (b) where another licence has been surrendered under section 144 of the Act; and
- (c) provided that the person who was the holder of the surrendered licence has consented to the application referred to in paragraph (a).

(2) The entitlement of a licence must not be increased by more than the usual entitlement in respect of a Zone of the surrendered licence.

(3) Subclause (1) applies once in connection with the surrender of any licence.

(4) For the purposes of subclause (1)(a) a reference to a licence includes a reference to a licence which has been applied for in accordance with clause 7(3).

23. Reduction of entitlement conferred by a licence

(1) Where -

- (a) a person is convicted for an offence against section 74(1) of the Act relating to exceeding a restriction provided for in clause 19; and
- (b) a court has determined the amount by which the restriction was exceeded,

the CEO is to reduce the number of units of entitlement conferred by the relevant licence in accordance with subclause (3).

(2) Where a person is convicted of an offence under clause 37, 38, 39, 41, 43, 50, 59, 60, 61, 71, 72, 72A, or 74 of this plan, the CEO is to reduce the number of units of entitlement conferred by the licence under the authority of which the lobsters were taken, in accordance with subclause (3), and with respect to the relevant Zone.

(3) For the purposes of subclauses (1) and (2), the number of units of entitlement conferred by the licence is to be reduced by -

- (a) the number one; or
- (b) the number obtained by dividing the weight in kilograms of the rock lobster the subject of the offence by -
 - (i) in the case of an offence relating to Zone A entitlement, the value of a Zone A unit of entitlement at the time of the offence;
 - (ii) in the case of an offence relating to Zone B entitlement, the value of a Zone B unit of entitlement at the time of the offence;
 - (iii) in the case of an offence relating to Zone C entitlement, the value of a Zone C unit of entitlement at the time of the offence, rounded to the nearest whole number, whichever is the greater.

(4) Where the Zone from which the excess amount of rock lobster was taken, or attempted to have been taken, cannot be ascertained, the units of entitlement to be reduced in accordance with subclause (3) are to be reduced from a Zone or Zones as determined by a court under section 76 of the Act, or by the CEO, as the case requires.

23A. Sale of forfeited entitlement

(1) The CEO may sell forfeited entitlement in accordance with this clause.

(2) The CEO must quantify forfeited entitlement in the form of certificates that represent a specified number of units of forfeited entitlement relating to a Zone of the Fishery.

(3) Certificates specifying a number of units of forfeited entitlement must be in a form approved by the CEO.

(4) Where the CEO proposes to sell forfeited entitlement the CEO must publish a notice in the *Gazette* specifying the matters referred to in subclause (5).

(5) A notice referred to in subclause (4) must specify -

- (a) the number of units of forfeited entitlement represented by each certificate available for sale; and
- (b) the value of a unit of forfeited entitlement;
- (c) the method by which forfeited entitlement may be sold; and
- (d) any terms of sale as may be required in the circumstance; and
- (e) the date at which forfeited entitlement is to be made available for sale.

(6) The criteria to be satisfied before a person may purchase forfeited entitlement is that the person -

- (a) holds a licence; or
- (b) has made an application for a licence to the CEO in the approved form, pursuant to clause 7(3)(b).

(7) The CEO may sell forfeited entitlement by means of -

- (a) public auction, conducted by a licensed auctioneer; or
- (b) invitation to tender issued by the CEO.

(8) Where a person has purchased forfeited entitlement, the CEO, upon receiving a certificate evidencing that purchase, is -

- (a) in the case of a licence holder, to vary the relevant licence so that the entitlement conferred by that licence includes the entitlement as specified in a certificate; or
- (b) in the case of a person satisfying the criteria in clause 7(3), to grant a licence conferring the entitlement as specified in a certificate, in addition to any other entitlement that may be conferred pursuant to an application made under clause 7(3).

24. Grounds for refusing to transfer a licence, an entitlement, or part of an entitlement

(1) The CEO may refuse to transfer -

- (a) a licence, or
- (b) an entitlement, or part of an entitlement, conferred by one licence to another licence,

where the total fee in respect of the transferor's licence has not been paid.

(2) The CEO may refuse to transfer an entitlement, or part of an entitlement, conferred by a licence (the 'transferor's licence') to another licence (the 'transferee's licence') on the grounds that -

- (a) the usual entitlement of the transferor's licence would, after the transfer, be less than one unit;

- (b) the CEO is of the opinion that the holder of the transferor's licence may be liable to prosecution for an offence which has been prescribed for the purposes of section 224 of the Act;
 - (c) the proposed transfer is not of a whole unit or whole number of units;
 - (d) the forms in the CDR books issued in respect of the relevant licences, or in Fish Eye, and which are required to be completed are not received prior to lodgement of the application for transfer; or
 - (e) the forms in the CDR books issued in respect of the licence from which an entitlement is to be transferred, or the forms required to be completed in Fish Eye in respect of that licence, establish that the value of the current units of entitlement (in kilograms whole weight) for the relevant class of unit that would be conferred by the licence after the transfer would be less than the total quantity of rock lobster (whole weight) relevant to that class of unit taken under the authority of the licence during the period for which the licence has been granted or renewed.
- (3) The CEO may refuse to transfer a licence or part of an entitlement conferred by a licence to another licence on the grounds that -
- (a) the CEO has issued a notice under clause 19A(1) in respect of the transferor's licence; and
 - (b) the person who received the notice has not paid the amount of money specified in the notice to the Fisheries Research and Development Account; and
 - (c) the CEO has not withdrawn the notice under clause 19A(3).

PART 6 - GENERAL REGULATION OF FISHING OPERATION

25. Use of boats

- (1) Subject to clause 26, a person must not use a boat in the Fishery unless -
- (a) the person is the holder of a licence, and the boat is the authorised boat specified on the licence; or
 - (b) the person is acting for or on behalf of the holder of the licence, and the boat is the authorised boat specified on the licence; or
 - (c) the person is fishing for rock lobster under the authority of a recreational fishing licence and the boat is not an authorised boat.
- (2) The master of an authorised boat must not permit any rock lobster to be transferred -
- (a) to another boat from; or
 - (b) from another boat to,
- the authorised boat while the authorised boat is in the waters of the Fishery.

DISCLAIMER:

Accordingly – (a) no warranty is given that it is free from error or omission nor as to the accuracy of any information in it; and (b) the State of Western Australia and its servants expressly disclaim liability for any act or omission done in reliance on the document or for any consequences of any such act or omission.

This compilation incorporates amendments up to and including the *West Coast Rock Lobster Managed Fishery Management Plan Amendment 2026* published in Government Gazette No. 54 on 22/05/2026.

- (3) A person must not transfer rock lobster -
(a) to another boat from; or
(b) from another boat to,
an authorised boat while the authorised boat is in the waters of the Fishery.
- (4) A person must not be in possession of rock lobster transferred under subclause (2) or (3).
- (5) Subclauses (2), (3) and (4) do not apply in respect of rock lobster transferred to a boat that is licensed to be used as a carrier boat in Zone A in accordance with the plan.

26. Use of boat not specified on a licence

- (1) Notwithstanding any other clause in this Plan, a regional manager, compliance manager or fisheries officer may, by notice in writing, and on written application by the holder of a licence, authorise the holder of a licence to use in the place of the boat specified on the licence not more than 3 boats, being boats specified on other licences, for a period not exceeding 10 days.
- (2) An application for an authority under subclause (1) must be made on a form approved for that purpose by the CEO.
- (3) A regional manager, compliance manager or fisheries officer must not provide an authority under subclause (1) unless satisfied that -
(a) the boat first mentioned in subclause (1) cannot be operated;
(b) each boat to be used in the place of the boat referred to in paragraph (a) is specified on a licence;
(c) the holder of the licence first mentioned in subclause (1) is unable to apply to vary the licence or seek an authority under regulation 132 for reasons beyond the person's control; and
(d) the master of each boat to be used in the place of the boat specified in paragraph (a) has provided written consent to the provision of an authority issued under this clause and written acknowledgement of subclause (4).
- (4) It is a condition of a licence that, where the boat specified on a licence is also the subject of an authority provided under this clause, the master of the boat must immediately upon taking rock lobster clearly segregate and label the rock lobster with the details of the relevant licence under the authority of which they were taken.

This compilation incorporates amendments up to and including the *West Coast Rock Lobster Managed Fishery Management Plan Amendment 2026* published in Government Gazette No. 54 on 22/05/2026.

(5) It is a condition of a licence that, where the boat specified on a licence is also the subject of an authority provided under this clause, a person must not use the boat to fish for rock lobster unless the person who gave the written acknowledgement for the purposes of subclause (3)(d) is the master of the boat.

(6) An authority provided by a regional manager, compliance manager or fisheries officer under this clause may be given subject to such conditions as the regional manager, compliance manager or fisheries officer thinks fit, and may be amended from time to time or revoked by further notice in writing.

(7) An authority given by a regional manager, compliance manager or fisheries officer under this clause may be surrendered by the delivery to a regional manager, compliance manager or fisheries officer of notices in writing surrendering the authority made by the masters of each boat specified in the authority.

26A. Use of pot lines and float rigs

(1) This clause applies to the use of pot lines and float rigs used to fish for rock lobster during the period commencing on 1 April in any year and ending on 31 October in that same year.

- (2) The master of an authorised boat must ensure that -
- (a) the maximum length of the pot line is equal to two times the depth of the water being fished;
 - (b) the top third of the length of the pot line is held as close to vertical in the water column as possible, by the use of weighted rope or by a weight attached to the rope;
 - (c) the float rig attached to the pot line is the only rope on the surface of the water;
 - (d) the float rig is no more than 9.1 metres long; and
 - (e) the float rig is attached to -
 - (i) no more than two surface floats when used in waters less than or equal to 54.9 metres in depth; or
 - (ii) no more than three surface floats when used in waters greater than 54.9 metres in depth.

(3) The master of an authorised boat must ensure that a pot line is pulled a minimum of once every seven days.

(4) Subclause (2) does not apply to the use of a pot line used to fish for rock lobster that is less than or equal to 32.9 metres long.

DISCLAIMER:

This compilation incorporates amendments up to and including the *West Coast Rock Lobster Managed Fishery Management Plan Amendment 2026* published in Government Gazette No. 54 on 22/05/2026.

(5) When a pot line used to fish for rock lobster is less than or equal to 32.9 metres long, the master of an authorised boat must ensure that -

- (a) the combined pot line and float rig used to fish for rock lobster is less than or equal to 32.9 metres in length; and
- (b) no more than two surface floats are attached to the float rig.

27. When rock lobster are to be released

(1) In this clause -

line means a line by which two attached pots are pulled simultaneously.

(2) The master of an authorised boat must ensure that any rock lobster brought on board the boat which the master does not intend to retain is removed from the pot and released to the sea within 5 minutes of being taken or before any other pot or line is pulled, whichever is first.

(3) Once a rock lobster is retained on an authorised boat for more than 5 minutes, the rock lobster must be held, landed and consigned in accordance with the plan.

28. Bycatch of deep sea crab

(1) In this clause -

line means a line by which two attached pots are pulled simultaneously;

one day has the same meaning as in regulation 3.

(2) The master of an authorised boat must ensure that any deep sea crab brought on board the boat is released to the sea within 5 minutes of being taken or before any other pot or line is pulled, whichever is first.

(3) Notwithstanding subclause (2) the master of an authorised boat may allow -

- (a) not more than 12 deep sea crabs to be on the boat at any time; and
- (b) not more than 12 deep sea crabs to be landed ashore from the boat in any one day,

provided that those deep sea crabs are in whole form.

(4) The master of an authorised boat must not permit any deep sea crab to be transferred -

- (a) to another boat from; or
- (b) from another boat to,

the authorised boat while the authorised boat is at sea in the waters of the Fishery.

This compilation incorporates amendments up to and including the *West Coast Rock Lobster Managed Fishery Management Plan Amendment 2026* published in Government Gazette No. 54 on 22/05/2026.

- (5) A person must not transfer any deep sea crab -
- (a) to another boat from; or
 - (b) from another boat to,
- an authorised boat while the authorised boat is at sea in the waters of the Fishery.

29. Transporting and setting pots

Notwithstanding clause 19, the master of an authorised boat operating under the authority of a licence for which the current entitlement conferred by that licence has been exhausted -

- (a) may transport pots on the authorised boat during the following periods -
 - (i) 7 days following the exhaustion of the entitlement conferred by the licence; or
 - (ii) 7 days prior to the commencement of a new licensing period; and
- (b) may set pots that have been transported on that authorised boat in accordance with paragraph (a), and within the same periods specified in subparagraphs (a)(i) and (ii).

30. Authorised boats licensed as carrier boats

(1) Where an authorised boat is also licensed as a carrier boat under regulation 119, the master must ensure that -

- (a) the requirements of the plan in respect of rock lobster taken under the authority of the licence are completed prior to any other rock lobster being brought on board; and
- (b) all requirements of this plan pertaining to licensed carrier boats are complied with.

(2) The master of an authorised boat that is also licensed as a carrier boat must, in respect of rock lobster taken under the authority of the licence, and after complying with clause 36 of this plan, ensure that, where a CDR book was used under clause 60, the original copy of a CDR form applying to the rock lobster is removed from the CDR book and enclosed and sealed in the envelope provided by the Department.

31. Obligations of master of licensed carrier boat

(1) The master of a licensed carrier boat must not cause or permit any rock lobster to be carried on the boat at any time unless the rock lobster is held in sealed containers with not more than four landing tags securely attached in respect of those containers.

(2) The master of a licensed carrier boat must not cause or permit any person on board the boat to set or pull a rock lobster pot.

- (3) Subclause (2) does not apply in respect of an authorised boat that is also licensed as a carrier boat where -
 - (a) the boat is being used to take rock lobster under the authority of the licence on which it is specified; and
 - (b) no rock lobster, other than rock lobster taken under the authority of the licence, are on board the boat.

31A. Requirement to report lost pots

- (1) The master of an authorised boat must report any lost pots to the Department immediately, using Fish Eye.
- (2) If any pots referred to in subclause (1) are subsequently found, the master of an authorised boat must report those pots to the Department immediately, using Fish Eye.

PART 7 - NOMINATIONS

32. Nominations made under this plan

- (1) Where a nomination is required to be made under this plan, the nomination must be made using IVR or Fish Eye.
- (2) A nomination that is made by IVR is not validly made until the person making the nomination has acknowledged receipt of a PIN, confirmation number or receipt number provided by IVR.
- (3) A nomination that is made by Fish Eye is not validly made until the person making the nomination receives and records the receipt or consignment number issued by Fish Eye.
- (4) Where the master of an authorised boat elects to use IVR to make nominations under this plan for a trip, the master must not make a nomination using Fish Eye for the duration of that trip.
- (5) Where the master of an authorised boat elects to use Fish Eye to make nominations under this plan for a trip, the master must not make a nomination using IVR for the duration of that trip.
- (6) Notwithstanding subclause (5), where the master of an authorised boat has elected to use Fish Eye to make nominations under this plan for a trip but is unable to obtain a receipt number from Fish Eye after making any nomination required under this plan, the master must -

- (a) make all nominations required to be made under this plan for that trip using IVR; and
- (b) make and submit all records in the CDR book as required under this plan.

33. Obligations of licence holder

- (1) The holder of a licence must -
 - (a) nominate a person as the master of the authorised boat using IVR; or
 - (b) nominate persons who are authorised to act as the master of the authorised boat from time to time using the relevant form in Fish Eye.
- (2) Where the holder of a licence makes a nomination under subclause (1)(a), that person must -
 - (a) obtain and record the temporary PIN issued by IVR for use by the nominated master; and
 - (b) acknowledge receipt by IVR of the temporary PIN issued by IVR; and
 - (c) provide the temporary PIN to the nominated master.
- (3) The holder of a licence must not permit a person to operate as the master of the authorised boat under that licence until the holder of the licence has complied with subclause (1)(b) or (2).
- (4) Where using IVR, the holder of a licence may only nominate a person as the new master of the authorised boat where -
 - (a) no post-landing nomination required to be made under clause 36 is outstanding; and
 - (b) no pre-fishing nomination has been made under clause 34.
- (5) The holder of a licence must ensure that only one person nominated as a master in Fish Eye under clause (1)(b) is acting as the master of an authorised boat on any trip.
- (6) Where the holder of a licence nominates a new master under subclause (4), the PIN of the previous master is cancelled.

34. Master to make pre-fishing nomination

- (1) Prior to moving an authorised boat to commence pulling pots, the master of an authorised boat must make a pre-fishing nomination.
- (2) Where the master makes a pre-fishing nomination under subclause (1) by IVR, the master must -

- (a) record the pre-fishing confirmation number issued by IVR in respect of the nomination in Part 1A of a CDR form; and
 - (b) acknowledge receipt by IVR of the pre-fishing confirmation number issued in respect of the nomination; and
 - (c) ensure that the crew that will be fishing from the authorised boat during the trip are listed in the crew list log sheet.
- (3) Where the master makes a pre-fishing nomination under subclause (1) by Fish Eye, the master must -
- (a) submit a pre-fishing nomination form in Fish Eye; and
 - (b) record the receipt number issued by Fish Eye in respect of the nomination.
- (4) A pre-fishing nomination made under subclause (1) remains in effect until -
- (a) a subsequent pre-landing nomination is made under clause 35; or
 - (b) rock lobster taken by the use of the authorised boat are consigned to a carrier boat; or
 - (c) it is cancelled under subclause (9).
- (5) The master of an authorised boat must not -
- (a) allow any person on board the authorised boat to pull a pot in the Fishery; or
 - (b) have rock lobster on board the authorised boat,
- unless a pre-fishing nomination has been made under subclause (1).
- (6) The master of an authorised boat may vary a pre-fishing nomination at any time while the nomination remains in effect.
- (7) Where the master of an authorised boat varies a pre-fishing nomination under subclause (6), the master of the authorised boat must -
- (a) where varying the nomination by IVR -
 - (i) record the receipt number issued by IVR in respect of the variation, in Part 1A of a CDR form; and
 - (ii) acknowledge receipt by IVR of the receipt number issued in respect of the variation; or
 - (b) where varying the nomination by Fish Eye -
 - (i) submit a cancellation of that nomination in Fish Eye; and
 - (ii) immediately submit a new pre-fishing nomination form in Fish Eye; and
 - (iii) record the receipt number issued by Fish Eye in respect of the new pre-fishing nomination.

(8) The master of an authorised boat must not cancel a pre-fishing nomination at any time after commencing pulling pots.

(9) Where the master of an authorised boat cancels a pre-fishing nomination, the master of the authorised boat must -

- (a) where cancelling the nomination by IVR -
 - (i) record the receipt number issued by IVR in respect of the cancellation, in Part 1A of a CDR form; and
 - (ii) acknowledge receipt by IVR of the receipt number issued in respect of the cancellation; or
- (b) where cancelling the nomination by Fish Eye -
 - (i) submit a cancellation of that nomination in Fish Eye; and
 - (ii) record the receipt number issued by Fish Eye in respect of the cancellation.

35. Master to make pre-landing nomination

(1) Prior to entering an approved landing area or delivering rock lobsters to a carrier boat in Zone A, the master of an authorised boat must make a pre-landing nomination.

(2) Where the master makes a pre-landing nomination under subclause (1) by IVR, the master must -

- (a) record the pre-landing confirmation number issued by IVR in respect of the nomination in Part 1C of a CDR form; and
- (b) acknowledge receipt by IVR of the pre-landing confirmation number issued in respect of the nomination.

(3) Where the master makes a pre-landing nomination under subclause (1) by Fish Eye, the master must -

- (a) ensure that the crew that are onboard the authorised boat are listed in a pre-landing nomination form in Fish Eye; and
- (b) submit a pre-landing nomination form in Fish Eye; and
- (c) record the receipt number issued by Fish Eye in respect of the nomination.

(4) The master of an authorised boat is not required to make a pre-landing nomination under subclause (1) where -

- (a) the licence under which the boat is operating authorises it to operate in Zone A; and
- (b) the authorised boat is operating in Zone A; and
- (c) all the rock lobster on board the authorised boat is delivered to a licensed carrier boat; and

- (d) the master of the authorised boat has elected to make nominations in respect of that trip using IVR.

36. Master to make post-landing nomination

(1) Where using IVR to make nominations, the master of an authorised boat who has removed or permitted the removal of rock lobster from the authorised boat in an approved landing area must make a post-landing nomination by IVR immediately upon weighing the last consignment of rock lobster.

(2) Where using IVR to make nominations, the master of an authorised boat operating in Zone A who has delivered rock lobster to a carrier boat must make a post-landing nomination by IVR within 30 minutes of delivering the rock lobster to the carrier boat.

(3) Where the master of an authorised boat makes a post-landing nomination under subclause (1), the master must -

- (a) record the post-landing confirmation number issued by IVR in respect of the nomination in Part 1D of a CDR form; and
- (b) acknowledge receipt by IVR of the post-landing confirmation number issued in respect of the nomination.

(4) Where the master of an authorised boat operating in Zone A has delivered rock lobster to a carrier boat and has made a post-landing nomination under subclause (2), the master must -

- (a) record the post-landing confirmation number issued by IVR in respect of the nomination in the duplicate of a CDR form; and
- (b) acknowledge receipt by IVR of the post-landing confirmation number issued in respect of the nomination.

(5) Where using Fish Eye to make nominations, the master of an authorised boat who has removed or permitted the removal of rock lobster from the authorised boat in an approved landing area must make a post-landing nomination by -

- (a) submitting a post-landing nomination form in Fish Eye immediately upon weighing each consignment of rock lobster landed from the trip; and
- (b) recording the receipt number issued by Fish Eye in respect of the nomination; and
- (c) recording the consignment number issued by Fish Eye for each consignment of rock lobster.

- (a) submitting a post-landing nomination form in Fish Eye within 30 minutes of delivering the rock lobster to the carrier boat; and
- (b) recording the receipt number issued by Fish Eye in respect of the nomination; and
- (c) recording the consignment number issued by Fish Eye for each consignment of rock lobster.

PART 8 - HOLDING, LANDING AND WEIGHING ROCK LOBSTER

37. Landing areas

(1) For the purposes of this plan, an approved landing area is an area described in Schedule 11.

(2) A person must not -

- (a) bring onto land, or attempt to bring onto land; or
- (b) remove from an authorised boat,

any rock lobster, unless it is brought onto land in an approved landing area and landed or removed from the authorised boat in accordance with this plan.

(3) The master of an authorised boat must not permit any rock lobster to be -

- (a) brought onto land; or
- (b) removed from an authorised boat,

unless it is brought onto land in an approved landing area and landed or removed from the authorised boat in accordance with this plan.

(4) Subclause (2)(b) does not apply in respect of a person operating in Zone A where that person -

- (a) unloads rock lobster into a designated holding area; or
- (b) unloads rock lobster onto a licensed carrier boat; or
- (c) consigns rock lobster for back of boat sales.

(5) Prior to entering into an approved landing area, the master of an authorised boat must -

- (a) store all rock lobster on that boat in a sealed container with a landing tag attached in respect of that container, and determine the number of those containers of rock lobster on board that boat; or
- (b) accurately determine the number of rock lobster on board that boat.

This compilation incorporates amendments up to and including the *West Coast Rock Lobster Managed Fishery Management Plan Amendment 2026* published in Government Gazette No. 54 on 22/05/2026.

(5A) Prior to entering into an approved landing area, the master of an authorised boat must, in the case of rock lobster intended for back of boat sales, ensure that those lobsters are stored in sealed containers with landing tags attached.

(6) The master of an authorised boat must ensure that all rock lobster on or attached to the boat are removed from the boat immediately upon bringing that rock lobster into an approved landing area.

(7) The master of an authorised boat must not remove, or permit to be removed, any rock lobster from an approved landing area, or consign rock lobsters to a registered receiver, unless the master has complied with clauses 36 and 60.

(8) Subclauses (5), (6), and (7) do not apply in respect of a person using an authorised boat as a licensed carrier boat in accordance with clauses 30 and 31.

(9) Subclause (6) does not apply to rock lobster held in an approved landing area under clause 39.

38. Removing rock lobster from boats - Zone A

(1) A person must not remove any rock lobster from an authorised boat in Zone A unless the rock lobster is immediately -

- (a) placed in a designated holding area; or
- (b) delivered to a licensed carrier boat; or
- (c) consigned for back of boat sales,

in accordance with this plan.

(2) The master of an authorised boat must not remove, or permit to be removed, rock lobster from -

- (a) a designated holding area; or
- (b) an authorised boat,

unless the rock lobster is immediately delivered to a carrier boat or consigned for back of boat sales in accordance with this plan.

39. Rock lobster held in an approved landing area

(1) The master of an authorised boat must not hold rock lobster on, or attached to, an authorised boat in an approved landing area unless -

- (a) in the case of rock lobster consigned to a registered receiver, provide to the registered receiver the relevant licence number and either the CDR number or consignment number provided by Fish Eye in respect of the rock lobster to be consigned, prior to allowing the registered receiver to take possession of the rock lobster; and

- (b) the master of the authorised boat has -
 - (i) where using IVR to make nominations, completed a post-landing nomination using IVR in accordance with clause 36 and completed Parts 1B, 1C and 1D of a CDR form in respect of the rock lobster held on board; or
 - (ii) where using Fish Eye to make nominations, completed a post-landing nomination form in Fish Eye in accordance with clause 36.

(2) After completing the requirements of subclause (1)(a) and (1)(b)(i), the master of the authorised boat must immediately forward to the Department the original copy of a CDR form in respect of all rock lobster held in the approved landing area.

(3) Where rock lobster held under subclause (1) is to be consigned, the master of the authorised boat must immediately -

- (a) provide to the registered receiver the relevant licence number and either the CDR number or consignment number provided by Fish Eye in respect of the rock lobster to be consigned, prior to allowing the registered receiver to take possession of the rock lobster; and
- (b) ensure that all rock lobster are landed at the same time.

40. Landing containers

(1) A person must not use a container to hold rock lobster unless the use of that container has been approved by the CEO.

(2) A person must not use a container approved under subclause (1) to hold rock lobster where the container has anything in or attached to it for the purpose of retaining water.

41. Use of landing tags

(1) A landing tag required to be used under this plan must be attached to any container holding rock lobster by passing the tag through the lid of that container and the container itself, and securing the tag through its locking device in such a manner that the tag is locked and intact and no rock lobster can be added to or removed from that container without breaking one or more landing tags.

(2) A person must not use more than 4 landing tags in respect of a container.

(3) The master of an authorised boat must ensure that rock lobster are held in sealed containers with landing tags attached to those containers in accordance with subclause (1) before the rock lobster is -

- (a) removed from the boat; or
- (b) delivered to a carrier boat.

(4) The master of an authorised boat must at all times keep safe and secure all unused landing tags and produce the landing tags to a fisheries officer where required by the fisheries officer to produce the landing tags for inspection.

(5) A person must not remove rock lobster from an authorised boat unless that rock lobster is held in a sealed container with a landing tag attached in respect of that container in accordance with this clause.

(6) A person must not -

- (a) remove a landing tag that has been attached to a container; or
- (b) open the container to which a landing tag is attached, unless -
 - (i) that container is at a registered receiver's premises, and the rock lobster in that container have been consigned to that registered receiver; or
 - (ii) the lobster in that container are consigned for back of boat sales and the tag is not removed until 10 minutes after the accurate weight of lobster is reported on Fish Eye pursuant to clause 36.

42. Transporting rock lobster

(1) A person must not transport rock lobster that has had the tail fan clipped or punched in the manner specified under regulation 31 unless the rock lobster has been caught under a recreational fishing licence and the amount of rock lobster being transported does not exceed the possession limit prescribed in the regulations.

(2) A person must not transport rock lobster that has not had the tail fan clipped or punched in the manner specified under regulation 31 unless the rock lobster was lawfully purchased or obtained in accordance with this plan.

(3) A person transporting rock lobster other than under subclause (1) must have a receipt, transport docket or other document regarding the rock lobster in the person's actual possession which shows -

- (a) the weight (in kilograms) or number of rock lobster being transported; and
- (b) that the rock lobster being transported were lawfully purchased or obtained in accordance with this plan.

(4) A person must not transport rock lobster consigned by the master of an authorised boat by means other than a licensed carrier boat unless -

- (a) the rock lobster is held in sealed containers with landing tags attached in respect of those containers; and
- (b) a registered receiver consignment form has been completed and is in the possession of the person transporting the rock lobster; or
- (c) the person is transporting rock lobster for back of boat sales; and
- (d) no rock lobster other than those referred to in this subclause are being transported at the same time.

(5) A person must not transport rock lobster that has been consigned by the master of an authorised boat on a licensed carrier boat other than where the rock lobster is held in sealed containers with landing tags attached in respect of those containers.

(6) A person must not hold rock lobster consigned to a registered receiver by the master of an authorised boat at a place other than that registered receiver's premises, unless the rock lobster is held in sealed containers with landing tags attached in respect of those containers, and the rock lobster are being held -

- (a) on a licensed carrier boat; or
- (b) at a different place, and where a registered receiver consignment form has been completed and is being held with the rock lobster.

43. Weighing rock lobster

(1) Where rock lobster are brought into an approved landing area the master of the authorised boat must -

- (a) immediately and accurately weigh and determine the gross weight and net weight of all rock lobster on board; and
- (b) ensure that any back of boat lobsters are weighed before the remainder of the rock lobster is weighed; and
- (c) ensure that the weights referred to in paragraph (a) are determined -
 - (i) within 90 metres of the boat in a part of that approved landing area; or
 - (ii) at a weighing point specified in Schedule 13, and bearing the same designation as an approved landing area specified in Schedule 11, and
- (d) ensure that -
 - (i) the placing of catch on a weighing device; and
 - (ii) the weight reading produced by that device, may both be clearly observed by a fisheries officer from any vantage point outside the place of weighing.

(2) Subject to subclause (3), the master of an authorised boat being operated in Zone A must, immediately prior to delivering rock lobster to a licensed carrier boat or removing rock lobster from a designated holding area -

- (a) accurately weigh and determine the gross weight and net weight of the rock lobster; and
- (b) ensure that any back of boat lobsters are weighed before the remainder of the catch is weighed.

(3) The weight of rock lobster to be determined in accordance with subclause (2) must not be determined other than -

- (a) in a designated holding area; or
- (b) on a jetty within the Abrolhos Islands holding area; or
- (c) on board an authorised boat in the Abrolhos Islands holding area; or
- (d) on board an authorised boat or a licensed carrier boat at the time the rock lobster are transferred to the licensed carrier boat.

(4) Where a master consigns rock lobster to a registered receiver and the net weight determined by the master is not the same as the net weight determined by the registered receiver, the higher net weight is to be taken to be a quantity of rock lobster taken under the authority of the licence.

(5) Where an error has occurred in the recording of the weight of rock lobster on a CDR form, a registered receiver consignment form or a form submitted using Fish Eye, the CEO may permit an amendment to the relevant form where:

- (a) the CEO is satisfied that either -
 - (i) the error in recording the weight of the rock lobster is self-evident on the face of the relevant form; or
 - (ii) the evidence supports the conclusion that an error has occurred in the recording of the weight of the rock lobster on the relevant form, and information on other relevant forms in relation to the licence are consistent with that conclusion; and
- (b) the holder of the relevant licence notified the CEO of the error within 28 days of the error occurring; and
- (c) the error made exceeds 5 kilograms.

(6) Where the CEO permits an amendment to the relevant form under subclause (5), the amendment must be made by the Department using Fish Eye.

44. Holding rock lobster

(1) The master of an authorised boat must not cause or permit any rock lobster to be held on board that boat unless that boat -

- (a) subject to clause 39, is not in an approved landing area; or

and the master of the authorised boat accurately records all the information required in the original copy of a holding over form or records all session information in a pre-landing nomination form in Fish Eye -

(i) by no later than midnight on the day on which fishing occurred;
or

(ii) immediately upon ceasing to pull pots for that day,
whichever occurs first.

(2) A person must not -

(a) hold rock lobster in the waters of the Fishery; or

(b) be in possession of any rock lobster that has been held in the waters of the Fishery; or

(c) bring onto any boat or land any rock lobster that has been held in the waters of the Fishery.

(3) Subclause (2) does not apply in respect of rock lobster being held in or removed from a designated holding area in Zone A in accordance with this plan.

(4) A person must not hold rock lobster on board or attached to a boat in the waters of the Fishery other than in accordance with this plan.

(5) The master of an authorised boat must ensure that no rock lobster is on board that boat at any time unless the boat was used to take that rock lobster.

(6) Subclause (5) does not apply in regard to an authorised boat that is being used as a licensed carrier boat to transport rock lobster held in sealed containers and secured with landing tags in accordance with this plan.

(7) Where the master of an authorised boat has not elected to use Fish Eye to make records, the master must, immediately after weighing any rock lobster, forward the original copy of the completed holding over form to the Department.

(8) The master of an authorised boat must retain the duplicate copy of the completed holding over form, and at all times keep safe and secure the holding over book and all forms inside it whether used or unused.

- (3) The holder of a licence, or a person acting on their behalf, must not store rock lobster in an area that has been nominated under subclause (2) until the nomination is approved.
- (4) The holder of a licence may apply to vary the designated holding area nominated in accordance with subclause (2) by completing the form approved by the CEO for this purpose in a holding over book and providing it to the Department.
- (5) A regional manager, compliance manager or fisheries officer may approve a nomination made under subclause (2) or (4), and must notify the holder of the licence.
- (6) Where rock lobster is to be held in a designated holding area the master of an authorised boat must, immediately upon adding rock lobster to or removing rock lobster from a designated holding area -
- (a) where using IVR to make nominations under this plan, record all information required in the relevant section of a holding over form; or
 - (b) where using Fish Eye to make nominations under this plan, record all session information in a pre-landing nomination form in Fish Eye.
- (7) Where a designated holding area is in waters adjacent to a jetty, or consists of a pontoon that is not immediately adjacent to another designated holding area, the master of an authorised boat must -
- (a) in the case of a designated holding area adjacent to a jetty, hold rock lobster in containers secured with not more than four landing tags; or
 - (b) in the case of a pontoon, hold rock lobster within the pontoon, in containers secured with not more than four landing tags securely attached in respect of each container.
- (8) Where -
- (a) designated holding areas are immediately adjacent and rock lobster are held in a pontoon; and
 - (b) two or more licence holders, or persons acting on behalf of those licence holders, hold rock lobster in that same pontoon,
- the persons referred to in paragraph (b) must ensure that -
- (i) the pontoon is divided into compartments equivalent to the number of persons referred to in paragraph (b); and
 - (ii) the rock lobster held in that pontoon are separated accordingly and clearly identified as having been taken under the authority of a particular licence.
- (9) A person must not remove rock lobster from a designated holding area other than in accordance with this plan.

SCHEDULES

SCHEDULE 1 - Description of the Fishery

[clause 5]

The waters situated on the west coast of the State bounded by a line commencing at the intersection of the high water mark and 21°44' south latitude drawn due west to the intersection of 21°44' south latitude and the boundary of the Australian Fishing Zone; thence southwards along the boundary to its intersection with 34° 24' south latitude; thence due east along 34° 24' south latitude to the intersection of 115°08.091' east longitude; thence due north along 115° 08.091' east longitude to the high water mark; thence along the high water mark to the commencing point and divided into Zones as described in Schedule 2.

SCHEDULE 2 - Zones of the Fishery

[clause 5]

Zone A

The waters between 21° 44' south latitude and 30° south latitude described as the Abrolhos Islands area.

Zone B

The waters between 21° 44' south latitude and 30° south latitude excluding the Abrolhos Islands area.

Zone C

The waters between 30° south latitude and 34° 24' south latitude excluding all waters on the south coast east of 115° 08.091' east longitude.

SCHEDULE 3 - Abrolhos Islands area

[clause 3]

The whole of the waters bounded by a line commencing from the intersection of 27° 30' south latitude and 112° 50' east longitude and extending in an easterly direction to the intersection of 27° 30' south latitude and 113° 37' east longitude; thence south-easterly to the intersection of 28° 45' south latitude and 114° 9.870' east longitude; thence south-easterly to the intersection of 29° 30' south latitude and 114° 30' east longitude; thence west to 112° 50' east longitude; thence north to the starting point.

SCHEDULE 8 - Unit values

[clause 18]

1. The extent of the entitlement to fish in a Zone of the Fishery arising from a unit during a licence period is determined in accordance with the following formula -

$$\left(\frac{A}{B} \right) \times 101.5\% = C$$

Where -

- A is the capacity (whole weight of rock lobster) of the relevant Zone;
- B is -
 - (i) for the licence period ending 30 June 2021- the sum of all of the units conferred for that Zone, as specified on all the relevant licences immediately before the expiry of the relevant licensing period, subject to clause 23;
 - (ii) for any licence period other than as specified in (i) - the figure specified in the Table to this Schedule for that respective Zone;
- C is the value of the unit (incorporating water loss factor).

Table

| Zone | Number of Conferred Units |
|--------|---------------------------|
| Zone A | 186,300 |
| Zone B | 230,936 |
| Zone C | 357,350 |

2. Where, as a result of the above calculation a result is more than two decimal places, then the fraction ending with 50 or less at the 3rd and 4th decimal places is rounded down to two decimal places and any fraction ending with 51 or more at the 3rd and 4th decimal places is rounded up to two decimal places.

SCHEDULE 9 - Payment of total fee by instalments

[clause 12]

The total fee payable in respect of the grant or renewal of a licence may be paid in instalments consisting of -

- (a) the first instalment, being 25% of the total fee and due for payment on or before 1 July in any year;
- (b) the second instalment, being 35% of the total fee and due for payment on or before 15 December following the day on which the first instalment is paid;
- (c) the third instalment, being 40% of the total fee and due for payment on or before 1 April following the day on which the first instalment is paid.

This compilation incorporates amendments up to and including the *West Coast Rock Lobster Managed Fishery Management Plan Amendment 2026* published in Government Gazette No. 54 on 22/05/2026.

SCHEDULE 10 - Method for the determination of certain weights

[clause 3]

(1) Method for determining container weight

- (a) Where container weight is to be determined by the master of an authorised boat, the containers and all lids and attachments must be -
 - (i) cleaned and emptied immediately prior to being weighed;
 - (ii) completely submerged in water for 10 minutes;
 - (iii) removed from the water and placed on a flat draining surface for 10 minutes;
 - (iv) shaken; and
 - (v) immediately weighed.
- (b) Where container weight is to be determined by a registered receiver, the containers and all lids and attachments must be-
 - (i) weighed immediately after the rock lobster have been removed; and
 - (ii) be clean and empty immediately prior to being weighed.

(2) Method for determining net weight of a consignment of rock lobster

Net weight of a consignment is determined by subtracting the total weight of all containers in a consignment from the gross weight of the consignment.

SCHEDULE 11 - Approved landing areas

[clause 37]

Area 1: Carnarvon

All waters known as the Carnarvon Boat Harbour upstream of a line commencing at the intersection of 24°54.326' south latitude and 113°39.152' east longitude, thence westerly to the intersection of 24°54.326' south latitude and 113°39.035' east longitude.

Area 2: Denham

All waters bounded by a line commencing at 25°55.675' south latitude and 113°31.975' east longitude, thence to a point at 25°55.731' south latitude and 113°31.939 east longitude, thence to a point at 25°55.777' south latitude and 113°32.025' east longitude, thence to a point at 25°55.717' south latitude and 113°32.062' east longitude, thence along a line to the commencement point.
