

Controlled waste attachment form*

***Note: this is not a controlled waste tracking form**

Under the Environmental Protection (Controlled Waste) Regulations 2004, all loads of bulk controlled waste, and all loads of packaged controlled waste equal to or greater than 200 kilograms or litres, are to be accompanied by a controlled waste tracking form (CWTF) from the point of generation to unloading at an approved waste facility.

The Department of Water and Environmental Regulation only issues CWTFs to licenced controlled waste carriers. Each CWTF is issued with a unique identifying number.

This form is only to be used with a valid CWTF where the number of collections exceeds the number of available collection lines on the CWTF.

Controlled waste tracking form number:

Carrier's name:	Driver's name:
Carrier's licence number:	Driver's licence number:
Nominated facility:	Driver signature:

WASTE COLLECTION DETAILS										
Waste holder's business/entity name	Street number and name	Suburb	Waste holder's signature and name <i>I confirm that this consignment is accurately described and is in proper condition for transport</i>	Collection date	Waste code	Physical state solids (s) liquid (l) gas (g)	Amount	L kg m ³	Pack- age no.	pH if required

Is this the only attachment form used under the above noted CWTF number? (Please circle) Yes No

If no, please indicate the number of attachment forms used under the above noted CWTF number (do not include the actual CWTF in the count): _____
