MEMORIAL & ASHES PLACEMENT

I've chosen a memorial plaque and position, what happens next?

After meeting with our Memorial Consultants about your chosen memorial plaque and/or position within a memorial garden or family grave, you may choose to attend the placement of your loved one or have our memorials team respectfully place them on your behalf.

Placements take place once the plaque has been manufactured, which can take up to 8-12 weeks after purchase. If you require additional time, we can work with you to arrange a more suitable date.

ATTEND THE ASHES PLACEMENT

Families may wish to be present when the ashes of a loved one are placed. For many people, this provides an opportunity to pause, reflect and gather together in a quiet and meaningful setting. Some families choose to hold a small personal ceremony during the placement, while others simply wish to witness the moment privately.

An MCB Officer will respectfully prepare the memorial and assist throughout the placement process. Please note that MCB staff do not conduct ceremonies, religious services or formal proceedings, they are there to ensure the ashes are placed correctly.

Attendance fees are as follows:

Monday to Friday

\$269.00

Saturday

\$455.00

Please note that no portion of the attending fees can be refunded if the placement is cancelled. Placement dates and times are subject to availability.

HAVE THE ASHES PLACED BY US

Many families choose to have the placement carried out privately by our memorials officer. In these instances, your loved one will be respectfully placed within the memorial position selected, and you will be notified once the placement has been completed. This option allows families to visit and reflect in their own time, without needing to attend the placement itself.

There are no additional costs associated with unattended memorial placements. Please note that photos are not provided of unattended placements.

WRITING A DEDICATION

One of the most meaningful and important things you may be asked to do is write a message for their memorial.

A memorial message is your chance to ensure you remember someone you have lost, in the manner they deserve, in a way that is important to you.

COUNT YOUR CHARACTERS

When drafting your inscription, please remember that the spaces in between words and any punctuation are all counted as characters. For example, the following sentence contains 47 characters:

D	O	N	'	T		F	O	R	G	E	T						
1	2	3	4	5	6	7	8	9	10	11	12	13					
T	H	A	T		S	P	A	C	E	S		A	N	D			
14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29		
P	U	N	C	T	U	A	T	I	O	N		C	O	U	N	T	!
30	31	32	33	34	35	36	37	38	39	40	41	42	43	44	45	46	47

A FEW THINGS TO KEEP IN MIND

Different plaque sizes have different recommendations for the amount of text so it remains readable.

The recommendation includes the number of characters (letters and numbers) and the number of lines (rows) on the plaque.

These are the sections

- *The Surname Text is generally the family name*
- *The Name Text is usually the first name (or names)*
- *The General Text usually comprises a personal message and key dates.*
