LIMESTONE MEMORIAL ROCKS

A Limestone Memorial Rock with a bronze plaque is a bold and naturally distinctive commemorative feature. With no two rocks being identical, they are a unique way to commemorate a loved one.

Memorial Rocks are available in two categories.

Due to variations in rock texture and the danger of rocks fracturing with repeated plaque applications, only one plaque can be affixed to each rock. For standard rocks, the 229 x 229mm plaque is utilised. For large rocks, families can choose between the 229 x 229mm plaque or the 381 x 216mm plaque option.

A Memorial Rock equates to four memorial positions with one plaque affixed to the rock and additional plaques placed at the base.

A variety of Memorial Rocks are situated in different locations across Pinnaroo.

Please note: Supply of suitable sizes in limestone rocks varies considerably. Although we endeavour to have all sizes available, sometimes we are unable to do so.

** Additional charges apply.*

The purchase price incorporates one 229 x 229mm plaque. For those seeking a larger plaque this can be upgraded to 380 x 280mm or 560 x 305mm plaque. It is possible to personalise the plaque with the addition of emblems, borders, photographs and different fonts.

WRITING A DEDICATION

One of the most meaningful and important things you may be asked to do is write a message for their memorial.

A memorial message is your chance to ensure you remember someone you have lost, in the manner they deserve, in a way that is important to you.

Try your own message here:

A FEW THINGS TO KEEP IN MIND

Different plaque sizes have different recommendations for the amount of text so it remains readable.

The recommendation includes the number of characters (letters and numbers) and the number of lines (rows) on the plaque.

These are the sections

- *The Surname Text is generally the family name*
- *The Name Text is usually the first name (or names)*
- *The General Text usually comprises a personal message and key dates.*

COUNT YOUR CHARACTERS

When drafting your inscription, please remember that the spaces in between words and any punctuation are all counted as characters. For example, the following sentence contains 47 characters:

D	O	N	'	T		F	O	R	G	E	T						
1	2	3	4	5	6	7	8	9	10	11	12	13					
T	H	A	T		S	P	A	C	E	S		A	N	D			
14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29		
P	U	N	C	T	U	A	T	I	O	N		C	O	U	N	T	!
30	31	32	33	34	35	36	37	38	39	40	41	42	43	44	45	46	47

MEMORIAL & ASHES PLACEMENT

I've chosen a memorial plaque and position, what happens next?

After meeting with our Memorial Consultants about your chosen memorial plaque and/or position within a memorial garden or family grave, you may choose to attend the placement of your loved one or have our memorials team respectfully place them on your behalf.

Placements take place once the plaque has been manufactured, which can take up to 8-12 weeks after purchase. If you require additional time, we can work with you to arrange a more suitable date.

ATTEND THE ASHES PLACEMENT

Families may wish to be present when the ashes of a loved one are placed. For many people, this provides an opportunity to pause, reflect and gather together in a quiet and meaningful setting. Some families choose to hold a small personal ceremony during the placement, while others simply wish to witness the moment privately.

An MCB Officer will respectfully prepare the memorial and assist throughout the placement process. Please note that MCB staff do not conduct ceremonies, religious services or formal proceedings, they are there to ensure the ashes are placed correctly.

Attendance fees are as follows:

Monday to Friday

\$269.00

Saturday

\$455.00

Please note that no portion of the attending fees can be refunded if the placement is cancelled. Placement dates and times are subject to availability.

HAVE THE ASHES PLACED BY US

Many families choose to have the placement carried out privately by our memorials officer. In these instances, your loved one will be respectfully placed within the memorial position selected, and you will be notified once the placement has been completed. This option allows families to visit and reflect in their own time, without needing to attend the placement itself.

There are no additional costs associated with unattended memorial placements. Please note that photos are not provided of unattended placements.
