

Murujuga Rock Art Stakeholder Reference Group

Summary of meeting held 19 May 2025 (In person MAC offices)

The first 2025 Murujuga Rock Art Stakeholder Reference Group (SRG) meeting was held in person with members and observers attending at the Murujuga Aboriginal Corporation (MAC) office in Dampier.

The Chair provided an update on the Stakeholder Reference Group's membership which has been extended to the 31 December 2025.

IPS Management Consultants have commenced the independent 5-year Murujuga Rock Art Strategy Review. Interviews with key stakeholders will continue over May-June and a survey circulated for others to participate.

Curtin University's Murujuga Rock Art Monitoring Program (MRAMP) team and MAC's MRAMP Rangers presented key findings from the Year 2 monitoring studies report.

The Department of Water and Environmental Regulation (the Department) provided information on the Environmental Quality Management Framework to report against the newly established interim Environmental Quality Criteria (EQC).

Publication of the Year 2 technical report will be late May on both the Department and MAC websites. Supporting documents, including a Government response to the interim EQC's, will also be published.

The next meeting date was set for 9 December 2025.
