WA Tomorrow Population Report No. 13 - Intercensal Update
Statistical Area Level 2 (SA2) Geography

This sheet provides an overview of the relationship between the geography used in WA Tomorrow and the Australian Bureau of Statistics' (ABS) Australian Statistical Geography Standard (ASGS) 2021. WA Tomorrow 13 retains the same geography as WA Tomorrow 12 and closely aligns with the ASGS 2021, using a hybrid geography where SA2s with minimal or no population have been amalgamated with adjacent areas. The table below presents the amalgamated SA2 geography used for WA Tomorrow 13.
